

KOKUSAI SOUGOBUDO RENMAI DANMARK

I am thrilled to announce the participation of Kokusai SougoBudo Renmai in this years World Martial Arts Festival of International Images of Culture, Arts & Sports 2007.

The biggest Championship where fellow Colleagues, Shihan's, Sensei's Referees and Competitors meet for a cultural exchange on behalf of Martial Arts.

It will be a great pleasure to be a part of this International Tournament with Kokusai SougoBudo Renmai and I believe it will be the perfect oppertunity for our members not only to measure their skills but also to share their respect for this Art.

I am sincerely looking forward to experience such a great event, hosted by WAMMCO, and I believe that their great effort will someday soon entail in making Martial Arts an Olympic discipline. I am sure of making up for the support given to the Danish associations by representing the development and proficiency of our Danish friends.
